EDUCATION

Shri Vishnu Engineering College For Women, Bhimavaram	September 2023-Present
4 year B.Tech CSE-Artificial Intelligence and Data Science , CGPA:9.28	
Aditya Junior College	2021 - 2023
Intermediate, Percentage: 95.9	
Sri Chaitanya Techno School,Tapeswaram	2020 - 2021
SSC(10th), Marks: 600	

TECHNICAL SKILLS

Languages	Java, Python, C
Web Technologies	HTML, CSS, JavaScript
CourseWork	DSA, DBMS, OOPS
Developer Tools	VS code, Eclipse, Jupyter Notebook, GitHub
Soft Skills	Communication Skills, Team work, Time Management, Problem-Solving

CERTIFICATIONS

- Earned the Diamond and 100 Days badges on CodeChef by solving 750+ competitive programming problems.
- Completed Infosys Springboard's Java course, covering OOP, multithreading, and file handling.
- Achieved Python Basics certification from HackerRank, demonstrating core programming skills.

PROJECTS

Heart Stroke Prediction - Python, Pandas, NumPy, Scikit-Learn	Git repository
Developed a machine learning model to predict the risk of heart stroke using patient health data such as age, hypertension and glucose levels. Applied data preprocessing, and trained classification models using Scikit-Learn. Focused on identifying key health indicators to improve prediction accuracy. Achieved [Accuracy - 94%]	
E-Commerce Website - HTML,CSS, Java Script	Git repository
Designed a responsive flower shop website with a neat and user-friendly design. It was made to work smoothly on phones, tablets, and computers. Simple interactive features were added using JavaScript to make the browsing experience better. The website focused on easy navigation and good performance across different browsers.	
Chatbot - Python, Streamlit, Google Generative AI API (Gemini 1.5 Flash)	Git repository
Built an AI chatbot using Google Gemini 1.5 Flash and Streamlit to support real-time natural language conversations. The system handled user inputs, generated relevant responses, and managed sessions effectively. Ensured a responsive and user-friendly experience throughout the chat interface.	

INTERNSHIP

Oasis Infobyte (Java Programming Intern)	Duration: 1 month
Completed a Java Programming Internship at Oasis Infobyte, by developing an ATM Interface and an Online Examination System. Gained hands-on experience in object-oriented programming, user authentication, and real-time user interaction using Java.
